Kindergarten, parents and community should work together to promote the health, well-being and learning for children. When kindergarten involve parents and engage with community resources, they are able to respond effectively to the child development and health-related needs of children.

Arts & Craft

Unleash your children's inner
courage and confidence to speak!

Mandarin Class & Public Speaking Class

Mandarin is the most popular first-learned language in the world, and the 2nd most popular language in the internet. It is an investment for our children's future to learn this language.

Best Achievement Student

The award is to recognize the children who have not only excelled in their academic pursuits, but also develop all-round skills and attained remarkable achievement in child development domains.

(Physical, emotion, cognitive, language and manner)

Happy Birthday!

Teach children responsibility with chores. Children who do chores learn to be responsible and gain important life skills that will serve them well throughout the lives. It is also for fine motor skill coordination.
